Re: Draft Final Proposed Plan (February 1993)
Draft Final Technical Memorandum
Sites 5 and 6
NAS Brunswick
Brunswick, Maine

Dear Jim:

The United States Environmental Protection Agency (EPA) has reviewed the "Draft Final Proposed Plan, Sites 5 & 6, Orion Street Asbestos Disposal Site, Sandy Road Rubble And Asbestos Disposal Site" dated February 1993. EPA has also reviewed the "Draft Final Technical Memorandum, Detailed Evaluation of Alternative 5,6E: Excavation and Use of Subgrade Material at Sites 1 and 3" dated February 1993. The EPA concurs with the Navy's Preferred Alternative and has no additional comments on either of these documents.

We look forward to reviewing the public comments on the Proposed Plan. If you have any questions, please contact me at (617) 573-5785.

Sincerely,

A handwritten signature in cursive script that reads "Meghan F. Cassidy".
